

**2011
Summer
Series!**

Come join EMSC, the Director of Coaching and the professional EMSC Staff for a week of summer soccer camp! We emphasize **technical excellence** and small-sided play as our methods for teaching this great game to players of all ages. These methods provide players with touches on the ball at all times!

We will **focus** on skill work and the introduction of the multitude of “moves” that help players gain the **ultimate confidence** in the game of soccer. We will have several **competitive fun-filled tournaments** within the camp with **prizes** and a highly fun environment!
