Summer
Series!

Come join EMSC, the Director of Coaching and the professional EMSC Staff for any one of our **summer clinic series!** We emphasize **technical excellence** and small-sided play as our methods for teaching this great game to players of all ages. These methods provide players with touches on the ball at all times! We will **focus on skill work** and the introduction of the multitude of “moves” that help players gain the **ultimate confidence** in the game of soccer.

We are offering several programs for every age child U12 and younger and a **Goalkeeper Training program** (separate flyer) for players U9-U18. Please sign up today as space is limited in each program.
